Clinic Policies

Patients Late for Appointments:

We strive to run on time and respect everyone's time. However, when patients are late for appointments, it disrupts the entire office and can cause other visits to be rushed and run behind, which is not fair nor safe to other patients.

- If a patient arrives less than 10 minutes late for an appointment:
 - The patient will be seen, however, the visit may be cut short
- If a patient arrives 10 or more minutes late for an appointment:
 - The patient may have to reschedule the appointment.

Missed Appointments:

Appointment reminders are sent via email 2 days prior to your appointment. There are no charges for the first missed appointment. Subsequent missed appointments will result in charges per clinic policy of \$40.

The clinic has a dedicated cancellation line available 24/7 by calling the clinic at: (226) 251-0422, please listen to the menu options so you may leave a voicemail.

Abuse/Office Disruption:

We aim to provide the best care for our patients and our patients are greatly appreciative of the care they receive. We understand that everyone has bad days, but if someone is verbally, mentally or physically abusive or causes an office disruption, it will result in immediate termination of the physician-patient relationship.

Uninsured Fees & Services:

The Ontario Health Insurance Plan (OHIP) pays for majority of medical visits and services. Some services are not covered by OHIP and are called 'uninsured fees & services'. Accommodation available for financial hardship.
